SERVICES

ULTRA-INTERIOR LIMITED has established a solid expertise in both sourcing and handling the raw material that is at the heart of a beautiful hardwood flooring project. Flexibility and reliability developed during the years are the result of a constant attention to please client's most demanding needs. Listed below are some of the skills and services Ultra-Interior can bring to a project.

- **SITE SURVEY** - Contact Ultra-Interior to arrange an appointment for a full site survey of your project.
- **DESIGN** - Ultra-Interior work with you at the early stages to give suggestions and thoughts on the most appropriate specification for your design requirements. This will include practical advice on the setting out of your hardwood floor as well as giving solutions to sub floor issues and finer design features.
- **SAMPLES** - Specially produced for your specific project. Supplied in a large format to help give a good indication of finish, tone, and texture, of the product.
- **INSTALLATION** - Ultra-Interior can fully install your hardwood flooring project to the highest standards.
- **PROJECT MANAGEMENT** - Ultra-Interior can fully manage the flooring element from concept to conclusion in conjunction with other trades and other aspects of the project.
- **CONSULTATION** - For clients with existing hardwood floors that need an expert view and advice.
- **MAINTENANCE PROGRAMMES** - One off or scheduled programmes to refresh your flooring or to undergo a more major refurbishment exercise.
- **SPECIALIST FINISHES** - Bespoke finishes to add beautiful tone and depth or texture to the floor. Often hand finished in Oil or Lacquers to suit your project requirements. Fire retardant finishes are also available.
